

KUMDC's Tech Time

July 2018

Issue 1

A monthly guide to free helpful apps for students available on smart phones, tablets, and computers.

Epic! Unlimited Books for Kids

This app offers a variety of e-books and audiobooks for students of all ages. Search by grade level with over 25,000 books to choose from!

Microsoft OneNote

This digital notebook offers a variety of tools to organize your thoughts, tasks, moments, and activities.

Evernote

This app is a wonderful way to assist with note-taking. You can sync up to two devices so you can have your notes wherever you are. A great tool to stay organized.

Duolingo

Have you ever wanted to learn another language? Are you taking a second language class, but need some extra practice? Duolingo can help you to become fluent.

Planet Genesis

Explore all that is around the Solar System with this cool science app. You can see and explore real-time graphics of many systems.

Peak - Brain Training

Even on the weekends and over the summer, it is important to keep your brain active. Challenge yourself with this fun and motivational app.

Math Masters

This app actually makes math fun! A variety of games in 3 different modes to help work you work on your math skills. You will forget you're learning while you play.

Todoist

Ever have trouble keeping all your daily tasks organized and managed? Todoist makes this easy! Organize tasks, goals, set progress, and much more!

Mint

Do you ever need help with managing your money? This app can help you do just that! You can create a budget and Mint will help you stick to it.

HappiJar

Don't forget about all the wonderful things that happen in your life. You can save text messages, pictures, and memories in this neat jar always on your phone.
